

# Better solutions. Better results.

Mimio products incorporate easy-to-use technology that empowers teachers and engages students. And while students respond to this better way to learn, teachers discover it's a better way to teach. Experience flexible, affordable, and effective solutions for the way you teach today.

## Teacher-Directed Instruction

Mimio interactive whiteboard technologies offer an engaging, affordable, and easy way to provide teacher-led instruction. Whether your school needs a portable or a fixed interactive whiteboard, or even an interactive projector, Mimio has a solution to fit your needs and budget.

## Real-Time Formative Assessment

If students need help, you need to know now. Mimio gives you options to measure student understanding in real time. MimioVote™ assessment makes it easier on your teachers and your budget, with a tool that students actually enjoy using. Already own iPads and want to get the most out of them? Use them for assessment with the MimioMobile™ iPad app.

## Collaborative Learning

Mimio tools enable students to learn more effectively through collaboration in a student-centered, interactive environment. The MimioPad™ wireless pen tablet and MimioMobile app for iPad let students share their group work in real time. And MimioReading™ group instruction explicitly teaches the collaboration skills so important for success in today's classroom.

## Adaptive Instruction

Truly adaptive instruction, customised to each individual learner, is known to be one of the most effective ways to teach children to read. Our proven-effective reading programs provide adaptive online learning for Pre-K through 8th grade. These programs can be accessed via computer, and the MimioReading program can also be accessed by iPads. MimioReading comprehension suite provides both whole-group and small-group reading comprehension for grades 3-8.

## MimioClassroom

Our interactive technologies and reading products offer you flexible and affordable solutions that meet your needs. Mimio is truly a better way to learn.

### MimioTeach interactive whiteboard

A full-featured, powerful teaching tool that turns your existing dry erase boards into interactive whiteboards.

### MimioBoard interactive whiteboard

An affordable fixed-board solution that's also erasable. ME77 and ME87 available

### MimioProjector interactive projector

Connects with your teachers' computers and uses the conventional dry erase boards you already have. Interactive, 2-Pen, and Non-Interactive available

### MimioVote assessment

Instantaneous assessment that's easy to program and fun for students. 24 Units and 32 Units available

### MimioView document camera

The most user-friendly document camera, it captures high-resolution pictures and live video for display and annotation.

### MimioCapture ink recorder

Save, edit, and upload lessons for students who want to review them, and for students who missed them.

### NEW MimioPad wireless pen tablet

Control the whiteboard from anywhere in the classroom – wirelessly. All with plug-and-play simplicity.

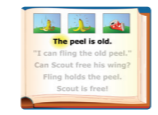

### MimioStudio classroom software

A single software program automatically integrates the entire MimioClassroom™ family of products. Its intuitive simplicity will be familiar to anyone who uses a computer. Now available with our **new MimioMobile iPad app** that allows teachers and students to control the front of the class from anywhere in the class. It offers formative assessment and collaborative learning sessions.

Standard License comes with most Mimio hardware purchases

User License and Site License available

MimioMobile Classroom License for MimioStudio and MimioMobile Site License for MimioStudio available

### MimioSprout early reading\*

Brings a non-reader or beginning reader up to mid-2nd-grade reading level via adaptive online instruction.

### MimioReading comprehension suite\*

Helps students in grades 3-8 master reading comprehension via adaptive online instruction and group lessons.

Ask your Mimio representative about special bundle and multi-licensing pricing.

## A better way to learn

Teaching is changing. Fast. Old-school techniques and tools are no longer up to the task. Today, an effective education provides students with true comprehension that they can apply to the challenges they face in today's world.

Mimio has been a leader in educational technology for the past 18 years, providing affordable, easy-to-use, and effective solutions. Mimio technology empowers both educators and students in all forms of learning, to enable real understanding.

Whether it's whole-group or small-group instruction, formative assessment, collaborative learning, or student-centered adaptive instruction, Mimio solutions help teachers put these strategies into action, easily and affordably.

“ Since we began using the MimioClassroom products... teaching is more effective, learning is enhanced, scores are increasing, and excellence is being achieved.”

Lisa Cundiff  
Instructional Technology Director

## Teacher-Directed Instruction

Every Mimio product is designed to put students at the center of the educational environment, so they're more engaged, more collaborative, and more motivated. But the teacher still drives the instruction. So we make teaching easier and more rewarding, while making learning more interesting. When technology is at its best, it paves the way, rather than getting in the way. Teachers can do what they do best – simply teach.

- NEW MimioPad wireless pen tablet
- MimioView document camera
- MimioCapture ink recorder
- MimioReading comprehension suite

## Real-Time Formative Assessment

Differentiating instruction is one of the keys to student achievement. But in order to differentiate, teachers need to assess understanding in real time. With the MimioVote assessment, or even your school's own iPads equipped with the MimioMobile app, teachers can do just that. They can adjust the instruction accordingly, and use the data to direct small-group or individualised learning plans as necessary.

# Meet the new classroom. Mimio.

It's a world-class classroom. And with teaching solutions from Mimio, it really isn't as out of reach as you may think.

We are mindful of budgets and your need to leverage the products you already have. Whatever your classroom's current configuration, Mimio products work with it. Mimio technology lets you purchase only the products you need now and continue using the hardware you currently own. You can expand as your budget allows and your needs grow.

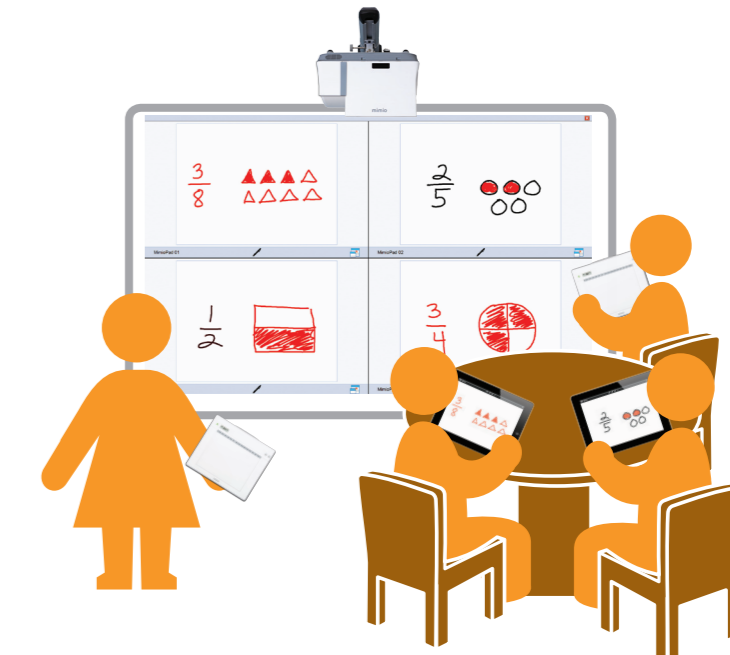

All of our products are supported by training that can be customised to fit your needs and budget. And our vibrant online community at [mimioconnect.com](http://mimioconnect.com) lets educators discuss ideas and share lessons with their peers.

A better way to learn. Mimio.

## Collaborative Learning

Mimio tools facilitate student collaboration, which empowers them to work together in developing critical thinking skills and building their knowledge across all curricular areas. These skills are essential for their future success. Whether it's two students working together or many more, they help each other learn more effectively through collaboration.

- NEW MimioPad wireless pen tablet
- NEW MimioMobile iPad application
- MimioStudio classroom software
- MimioView document camera
- MimioCapture ink recorder
- MimioReading comprehension suite

## Adaptive Instruction

Mimio offers effective reading instruction\* for Pre-K through 8th grade. Mimio reading programs are correlated to U.S. Common Core State Standards and aligned to primary basal reading programs. These programs are classroom-tested pre-release, and have been proven effective in U.S. school districts and English reading classrooms outside the U.S. These research-based, adaptive programs make learning fun, and they are also appropriate for blended learning settings.
